PROFESSIONAL SUMMARY

Detail-oriented **Front-End Developer** professional with a strong foundation in systems troubleshooting, technical support, and software logic. **CompTIA A+ certified** with over 5 years of experience in enterprise environments. Currently specializing in **Vanilla JavaScript** to build modular, user-focused web applications. Proven ability to bridge the gap between technical infrastructure and modern front-end design.

TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3, JavaScript (ES6+), Responsive Design.
- **Programming & Logic:** Java, C++, Android Programming, Embedded Systems (Academic).
- **Tools & Version Control:** Git, GitHub, VS Code, Chrome DevTools.
- **Systems & Infrastructure:** Windows 10/11, Microsoft 365 Admin, Active Directory, Citrix NetScaler.

TECHNICAL PROJECTS

Irmisul Terminal (Web Application)

- Developed a specialized fan-made database using **Vanilla JavaScript** and **CSS Grid**, featuring state-based character movement and dynamic layout logic.
- Implemented a library-style grid system to handle and display complex game lore data efficiently.

Personal Portfolio Website

- Engineered a responsive, single-page application using **Tailwind CSS** to create a modern, dark-themed "command-center" aesthetic.
- Developed a grid-based architecture to showcase technical projects, featuring a visual tech stack display and a responsive contact form.

30-Day JavaScript Challenge (Portfolio Builder)

- Executing a structured roadmap of 30 unique web applications to master **DOM manipulation**, asynchronous programming, and clean UI design.
- Successfully completed initial milestones, including a **Color Flipper** and a **Counter Program**, focusing on state management and modular coding practices.

PROFESSIONAL EXPERIENCE

Executives - Customer Care | EXL Service Philippines | April 2025 – March 2026

- Resolved high-priority technical and account concerns while maintaining strict adherence to **Service Level Agreements (SLA)**.
- Utilized CRM systems to document and track complex cases, consistently meeting high **CSAT** and **KPI** targets.

Patient Care Advocate | Concentrix Corporation | July 2023 – March 2025

- Managed technical account concerns and maintained rigorous data privacy and security compliance.
- Documented user interactions accurately within internal systems to ensure seamless case escalation.

IT Helpdesk Associate | Atos Philippines | March 2023 – May 2023

- Performed user account management and password resets within **Active Directory** environments.
- Provided initial troubleshooting for Windows OS, Microsoft 365, and remote connectivity issues during enterprise bootcamp training.

Customer Service Representative | Teleperformance Philippines | December 2020 – January 2023

- Escalated system-level technical issues to appropriate engineering teams with detailed documentation.

Technical Support Coordinator | PointCircle Builders Inc. | October 2017 – June 2018

- Configured office hardware and software, providing essential network and connectivity troubleshooting for internal users.

EDUCATION

Bachelor of Science in Computer Engineering

- **Rizal Technological University** (Academic coursework completed)

CERTIFICATIONS

- **CompTIA A+** (Core 2: OS & Network Management)
- **Microsoft 365 Fundamentals**
- **Citrix NetScaler & XenDesktop Troubleshooting**
